Summary

Recent CSE graduate with expertise in UI/UX design and full-stack web development. Proficient in Figma, HTML, CSS, JavaScript, and MERN Stack with a strong focus on creating user-centered digital experiences. Seeking opportunities to leverage design thinking and development skills to build innovative solutions.

Education

International Islamic University, Chittagong , Bangladesh
Bachelor of Science (B.Sc) in Computer Science & Engineering | CGPA: 3.15/4.00 — 2026

Chittagong Govt. Women College, HSC | GPA: 5.00/5.00 — 2020

Bakolia Govt. High School, SSC | GPA: 5.00/5.00 — 2018

Case Study

Home Rental App (Tenant & Landlord)

- Conducted a UI/UX case study to design a user-friendly home rental platform for tenants and landlords.
- Created wireframes, prototypes, and mockups using Figma, focusing on intuitive navigation and responsive design.
- Addressed user needs such as property listing, booking, and communication between tenants and landlords.
- Technologies used: Figma

Web Development Project

- **Job Portal Platform:** Developed a full-stack MERN project job portal with secure authentication. Built REST APIs for job management and applications. Implemented role-based dashboards for employers and job seekers. Designed responsive UI using React and Tailwind CSS. Technologies used: React.js, Node.js, Express.js, MongoDB, JWT, Tailwind CSS
- **Wholesale Management System :** Designed and developed a web-based Wholesale Management System to streamline inventory, product, customer, and order management for wholesale businesses using HTML, CSS, JavaScript, and PHP.
- **Hangman Game :** Developed an interactive web-based Hangman game using HTML, CSS, JavaScript, and SQL database for storing scores. Implemented game logic, user interface, and persistent score tracking.

Publication

- A Lightweight Feature Fusion and Attention-Based Network with Geometric Calibration for Robust Eye State Detection. DOI: https://doi.org/10.1109/QPAIN69676.2026.11545781
- Comparative Analysis of Machine Learning and Deep Learning Models for Stress Level Prediction. DOI: https://doi.org/10.1109/QPAIN69676.2026.11546013

Certificate

- Ostad UI/UX Career Track Program (Credential ID C31762)
- Figma Design System-Grameenphone Academy
- UI/UX and Graphics Design workshop by Creative IT Institute

Skills

• Figma • Wireframing • Prototyping • HTML • CSS • JavaScript • MERN
